### Funding Agency:

Organization	Rec. and Conserv. Office
Address	PO Box 40917
City, State, Zip	Olympia, WA 98504-0917
Phone	360-902-3000
Contact	Mike Ramsey, Email: mike.ramsey@rco.wa.gov

### PLEASE DESCRIBE THE TYPE OF WORK TO BE COMPLETED

(Be as detailed as possible to avoid having to provide additional information)

#### Provide a detailed description of the proposed project:

Approximately 190 derelict fishing nets will be removed from marine habitats of WRIA2 to 105' of depth. Nets are located throughout the WRIA with concentrations at Hein Bank and along the West side of San Juan Island. Removal operations will be conducted in salmon migratory pathways at known net locations.

As of March 31, 2011, approximately 190 derelict nets are known to exist in WRIA2. This project will remove all known remaining nets from WRIA2. We estimate these nets are degrading 19 acres of marine habitat and entangling more than 62 mammals, 1,096 birds, 3,460 fish, and 117,375 invertebrates every year.

This project will eliminate a direct source of mortality for adult salmon, rockfish and other marine animals and restore 19 acres of marine habitat important to salmon and rockfish for migration, rearing, feeding, refuge, and vital trophic energy exchange.

---

#### Describe existing project site conditions.

Marine waters of San Juan County are used by salmon for feeding, refuge and migration. Commercial salmon fishing is ongoing in the area by both tribal and non-tribal fishermen. Recreation salmon fishing also occurs.

---

#### Describe any proposed ground disturbing activities. That is, will a tool(s) be used to move earth (soil, rock, gra

None

---

**Will buildings be altered or demolished? If so please complete a DAHP Determination of Eligibility EZ2 form for each building affected by the proposed project and attach the form to your project in PRISM. <http://www.dahp.wa.gov/pages/Documents/Sites.htm>**

No
